Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The invention relates to a process for preparing amines by catalytic hydrogenation of nitroaromatic compounds which comprises carrying out the removal of the catalysts continually by means of membrane filtration. The closest prior art is US Patent No. 6,350,911 B1, which also teach a process for preparing amines by hydrogenation of nitro compounds. The continuous removal of the hydrogenation catalyst as described in this process is not taught or suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement for Reasons for Allowance."
